2. Invitation to start a PTPI University chapter

=====

PTPI members attending university or collage are welcome and encouraged to start a PTPI university chapter on their campus. The process to start a chapter is fairly straight-forward. The benefits are numerous.

Getting started:

- Find a minimum of ten members.
- Elect at least four officers: president, vice-president, secretary, treasurer and a campus advisor
- Accept the Chapter By-laws of PTPI.
- Decide on chapter activities.
- Pay membership dues: 2 euro per member

Usually university chapter participate in such activities:

- Cultural/international education
- Humanitarian and service efforts
- Fundraising
- Membership Recruitment

Our university chapters have a an important significance because they aim to combine the conventional academic education typically offered in learning institutions with the broadminded and multi-cultural experiences of PTPI to offer aspiring intellectuals a more comprehensive "global education". Furthermore, they offer amazing opportunities to connect with other chapters around Europe and network with other young PTPI members, thus opening doors for dialogue, professional opportunities and lasting friendships.
